Mission Statement

To monitor and continuously improve the HSE orientation standards for the US land contractor community.

“All meetings must have a written agenda that is circulated and reviewed prior to the meeting. Attendees must strictly follow the agenda. Topics not on the agenda must be deferred until the next meeting. An attendee shall be assigned to record and distribute the minutes of each meeting. The minutes shall include a record of who attended the meeting. Under no circumstances shall attendees discuss: Price, production decisions, marketing decisions, and the person with whom,

and the terms on which, each company conducts business. These matters are to be decided unilaterally by each company without agreement or even communication with competitors.”
